

Brief Overview

Work Based Learning: HANDS ON EXPERIENCES

Work Based Learning: Definition

"sustained interactions with industry or community professionals in real workplace settings, to the extent practicable, or simulated environments at an educational institution that fosters in-depth, firsthand engagement with the tasks required in a given career field, that are aligned to curriculum and instruction.

Work Based LEARNING HOURS

<p>INDIVIDUAL Will look different for each student</p> <p>6 AREAS/OPTIONS Students can get hours from each of the areas.</p> <p>GOAL = 250 hours At the end of the program completion. Students should have 250</p>	<p>CUMULATIVE Can come from multiple programs and start in grade 9</p> <p>REPORTED ANNUALLY Report hours for each student in each area</p> <p>GRAD REQUIREMENT The hours can count for seal requirements</p>
